CAREER SUMMARY

As a recent graduate with a strong foundation in web development and a basic understanding of Python, I am eager to apply my skills and knowledge in a professional setting. During my academic journey, I successfully completed several web development projects, gaining hands-on experience with front-end technologies and back-end integration. My familiarity with Python complements my web development skills, allowing me to approach problems with a versatile perspective. I am enthusiastic about starting my career and am committed to continuous learning and growth in the field of technology.

SKILLS AND STRENGTHS

- **Skill 1** – Proficient in Python, with experience in developing scripts and solving problems, enhancing my ability to contribute to diverse programming tasks
- **Skill 2** - Skilled in web development with hands-on experience in designing, building, and optimizing dynamic and responsive websites.
- **Skill 3** – Very strong at verbal skills.
- **Skill 4** – Hard working and eager to learn new technologies.

PROFESSIONAL ACCOMPLISHMENTS

- Successfully developed and deployed a series of impactful web development projects, demonstrating exceptional skills in building and optimizing websites.
- I have recently uploaded several of my projects to GitHub, showcasing my work and contributions. You can check them out here https://irshad12332123.github.io/Landing-page/

EDUCATION
BCA with specialization in AI/ML, Rayat Bahra University, Kharar , Punjab
